3.5" Dual SATA Enclosure

Details correct on: 03/12/2014

Notification	
Product Code	HD-USB2DUALSATA
Short Description	3.5" dual SATA - Hard Drive enclosure USB 2.0
Full Description	The HD-USB2DUALSATA is a dual HDD Enclosure which has a function friendly and cost effective storage solution for home and SOHO users. Supports RAID 0 and JBOD functions to expand the HDD capacity to 1 TB. This is a perfect solution to store, share and backup your documents, pictures, video and audio files. If you have a number of odd sized drives, JBOD will let you combine them into a single unit without loss of capacity. A 400G drive and a 120GB drive can be combined to make a 520GB volume. With space saving in mind the HD-USB2SUALSATA is just 12cm (W) x 18cm(L) x 8cm(H).
Extra Information	**Specification:** Portable design. Aluminum Housing. Supports 2x3.5" SATA II Hard Drive Interface, highest capacity is 1TB (2x 500 GB HDD). USB2.0 Specification transfer rate up to 480Mbps. Supports Raid 0 / JBOD **Contents** 3.5" Dual SATA Enclosure PSU Driver & Manual CD USB type A to B cable
